Summary

I am a Computer Science and Engineering graduate with a strong foundation in front-end development. Skilled in creating user-friendly interfaces and passionate about leveraging data to drive meaningful insights. Continuously expanding my knowledge in React JS, C# development, and data analysis, and eager to contribute to team success through both my existing and growing skill set.

Experience

Front-end Developer
SmartCliff Learning Solution – Coimbatore   *July 2024 to August 2024*
- Developed and maintained user interfaces using HTML, CSS, JavaScript, and Bootstrap.
- Collaborated with developers and designers to implement interactive features and improve overall functionality.

Projects

Learning Management System
Technologies Used: HTML, CSS, JavaScript, Bootstrap.
- Developed a responsive LMS with three user levels (admin, instructor, and student). Integrated real-time features such as notifications, course updates, and interactive dashboards to enhance user experiences and engagement.

Deploying an Interactive Website on Amazon Web Services (AWS)
- Developed with responsive front-end technologies (HTML, CSS, JavaScript, Bootstrap).
- Hosted on AWS S3 to ensure scalability, reliability, and low-cost static website hosting.
